

Designation number: 002-1

Designation Certificate

This document certifies that the following laboratory possesses the capabilities outlined in the attached sheet to measure the characteristics of clay nanoplate products and is hereby designated as an approved testing laboratory.

HOJUN Co., Ltd.

Address: 1433-1 Haraichi, Annaka City, Gunma Prefecture 379-0133 Japan

Designation details: As shown in the attached sheet

Designation requirements: Requirements for laboratories conducting evaluations and certifications of clay nanomaterials

Validity period: From June 9, 2023 to June 8, 2025

(Initial designation publication date: June 9, 2023)

Takeo Ebina, Chairman

Nanomaterial Standardization and Certification Committee, Clayteam

National Institute of Advanced Industrial Science and Technology (AIST)

Certification Issued : June 9, 2023
